Dear: Talentsch miede AG,

Greeting from Evans and family. My name is Evalyrie Anyango mother to Evans. Evans attends ^{school} but he is still learning how to read and write.

As Evans family we are very greatfull with your gesture of sponsoring our little boy.

We welcome you to our country where there so many things to see. Our country has wild animals and good sceneries.

Our environment is also very clean despite not raining at the moment.

Evans is very friendly and we hope one day he will start communicating to you by himself.

Feel free to share with us your culture.
Thank you
