Dear Friends,

Hi! I am writing you this letter to send you my news and inquire after yours. I address you my heartfelt greetings. I am very glad to receive your very nice letter and photo you sent me. I am still attending school. I enjoy school. My father greets you. His name is Souleymane Ouedraogo. Who is he for you the one who kissed you? In your letter, you spoke about plums, what kind of food it is? I am sending you a picture I drew for you. It is a schoolbag.

Thanks and see you soon!

This letter was written by: Inoussa Ouedraogo, your sponsored child's cousin and dictated by Lassane, Issa's father.

Dear SPONSOR,

Lassane is healthy, his family as well. He sends you his greetings and wishes you the same. He is very happy as you have chosen Issa as your sponsored child and he wishes you welcome in his family. He lets you know that he has started clearing his millet farm. Issa lets you know that he hunts birds, grasshoppers with his catapult. He would like to know if there grasshoppers over there. Lassane informs you that Issa's level is low to write to you by himself. He sends you his hand outline. He thanks you for this choice and looks forward to reading from you very soon.
